Cleaning a ship's hull is only one of the many applications for the MPE high-pressure washers with cleaning power of 5.0 GPM and 5000 PSI.

## WHY CHOOSE THE MPE

No other cold water pressure washer delivers such versatility and more blasting power than our electric-powered MPE. It delivers the rare—but highly effective—blasting combination of 5.0 GPM and 5000 PSI. It's enough to cut salt-water barnacles from a ship's hull, rip bark off logs and strip paint from metal. There are two models of the MPE, 230V 3ph and 460V 3ph, both of which come standard with a Nema 4 electrical box, a reliable 20 HP Baldor motor, a Cutler-Hammer magnetic starter and a 12-foot electrical cord. All top-drawer components, including reliable high-pressure pump with 7-year warranty, extra-reliable Baldor motor, high-impact steel roll cage and lifting bar, four 13" tubed, pneumatic tires, and industrial point-and-shoot wand for cleaning effectiveness. Certified to rigid UL-1776 safety standards, with 24-inch hose guard for burst protection and tri-lingual operating instructions for operator protection.

## DETERGENT FOR EVERY JOB

Landa Kärcher Group's innovative detergent lineup makes your cleaning job easier and faster. Phosphate-free to meet the most stringent environmental demands without sacrificing cleaning effectiveness. We'll match you with a product designed for your specific application.

## SPEED IT UP WITH ACCESSORIES

We offer a number of pressure washer accessories to reduce your cleaning time. Depending on your cleaning application, choose from items such as flat surface cleaners like the Water Jet, rotary nozzles, extension wands and more.

If you're cleaning long hours at a time, the EASY!Force trigger gun is an ideal and innovative solution to alleviate user fatigue. It's designed to use its own recoil force to hold the trigger down, which means you won't have sore hands after hours of use.

We also offer accessories designed to lengthen the life of your equipment, such as hose reels, which not only protect the high-pressure hose from damage, but help with storage when not in use.

Give us a call to learn which accessories are suitable to use with your pressure washer - and your application.
